

1. What do you already know about your communication style and skills?

I enjoy communicating with humor and slight sarcasm.

2. What did you learn while reading this?

I do not enjoy reflexive writing. I also do not enjoy the submit button for the document upload to not actually submit/upload a document. Highly annoying.....not a functional setup at all.....(Unless that was intentionally designed that way).

3. What techniques or tips are you looking forward to trying during the bootcamp?

I will definitely be creating functional submit buttons that do what they say they are going to do.....(sarcasm).
